Dear Mr. Schneid,

Thank you for your letter of March 2nd in which you tell me about your work. I should tell you that I will not be very quick at reading your scripts because of pressure of planning - but if you would be good enough to let me have a script I would read it and try to return it fairly soon.

This is the best I can do at the moment - so be sure to send me a copy of something of which you have other copies.

Yours sincerely,

(Miss) Jean Roberts
